

Regulated Medical Waste Containers

A family of reusable containers that work together to provide a better solution

Since 1913, Rehrig Pacific Company has consistently delivered products and services that provide real competitive advantages and productivity improvements for our customers.

Rehrig has applied our expertise in secure reusable injection molded containers to help improve the collection of Regulated Medical Waste (RMW). Designed to transport red bag bio-hazardous, chemotherapy, pharmaceutical and pathological medical waste from all points of generation to disposal, Rehrig's reusable RMW containers are DOT approved, PGII rated and OSHA compliant. Our complete line of products offers sustainable solutions for both generators and disposal companies alike.

17, 31 & 43 Gallon RMW Containers

Rehrig's family of hinged lid containers is designed to inter-stack when full to optimize cube efficiency for mixed loads during transport. Attached lids reduce the risk of loss and are easily replaced if damaged. The container family is optimally sized to work in many different locations throughout the healthcare environment. Rehrig's 17 gallon container is great in areas with restricted space or that generate very dense or limited waste. The 31 and 43 gallon containers work well in areas where high volumes and bulky types of waste are generated. They share a common top profile and footprint so the optional lab lid and dolly work with both the 31 and 43 gallon containers.

Carts and containers are compatible for stacking with each other

17 Gal. includes a sub-lid and two position latch

Strong handles that won't flex under load

Foot pedal dolly

Rehrig Pacific Company
SINCE 1913

A FAMILY TRADITION OF GROWTH, SERVICE AND INNOVATION

Common Features:**17 Gal., 31 Gal. & 43 Gal.**

- Proprietary HDPE resin with anti-microbial additives
- Reinforced handles won't flex under rated loads
- Bag holders keep bags open and in place when lids are closed
- Smooth interior for easy cleaning
- Textured exterior areas for easy removal of adhesive labels
- Hot stamp branding standard
- Optional multi-color transfer, bar code and RFID tracking labels available
- Available in a range of standard colors to represent multiple waste streams

17 Gal. Features:

- Stacks securely with itself and the 31 and 43 gallon containers
- Side hinged main lid provides wide access
- Sub-lid for restricted access
- Two position latches for each lid (daily use/transport)
- See-through sub-lid to monitor fill capacity
- Recommended Bag Size: 20" x 13" x 39"
- Authorized Gross Mass: 22.6kg

31 Gal. & 43 Gal. Features:

- Stack securely with themselves and 17 gallon containers and 95 gallon carts
- Split lid locks securely for storage and transport
- Optional lab-lid and dolly available
- Recommended Bag Size: 45" x 49" bag
- Authorized Gross Mass:
31 Gal. = 22.6kg, 43 Gal. = 30.7kg

STACK HEIGHTS WITH 95 GALLON CART (IN.)	
95 Gallon + 31 Gallon	64.4
95 Gallon + 43 Gallon	72.5
95 Gallon + 95 Gallon	86.8

Two 17 Gal. stacked on a 31 Gal.

95 Gal. stackable cart

95 Gallon Stackable RMW Cart

Rehrig's RMW Cart is also DOT approved and PGI rated. The reinforced lid can be locked for storage or transport using bungee type latches. To maximize cube, the lid has been designed to hold another 95 gallon cart or one 31 or 43 gallon container during transport.

95 Gallon Cart Features:

- Virgin and recycled HDPE resins with UV stabilizers
- Heavy duty 3/4" axel and stackable lid
- Durable 10" or 12" rubber wheels
- Authorized Gross Mass: 171kg

DIMENSIONS (IN.)			
CONTAINER	LENGTH	WIDTH	HEIGHT
17 Gallon	12.5	20.0	25.9
31 Gallon	25.0	20.0	21.3
43 Gallon	25.0	20.0	29.5
95 Gallon	33.8	28.5	44.2

Typical Healthcare Workplace Uses

- Hospitals
- Doctor's Offices
- Health Clinics
- Treatment Centers
- Laboratories
- Research Centers
- Veterinary Clinics

53' TRUCK LOAD DATA—CONTAINERS WITH WASTE			
CONTAINER	QTY. / STACK	STACK HEIGHT	TOTAL QTY.
17 Gallon	4	101.9"	1,000
31 Gallon	5	105.3"	625
43 Gallon	3	87.8"	375
95 Gallon	2	86.8"	116
Combination = 1 @ 31 Gallon + 3 @ 43 Gallon	4	108.8"	500
